Skyhorse Publishing, United States, 2018. Hardback. Condition: New. Amanda Brack (illustrator). Language: English . Brand New Book. Sky Pony has sold over 5 million books for Minecrafters. The Creeper Diaries series combines the blockbuster appeal of Minecraft with the diary format popularized by the bestselling Diary of a Wimpy Kid and Dork Diaries series. Minecraft is an international sensation, with over 100 million registered users worldwide. The Creeper Diaries series launched in March 2017 to great success with Mob School Survivor! We have high expectations as the series continues with books #4 and #5 in Spring 2018. With easy to read, diary-style text, over 100 black and white illustrations, and a focus on the Minecraft monster players most love to hate, The Creeper Diaries is the perfect pick for reluctant readers. The self-published hybrid Minecrafters/diary series currently on the market, Diary of a Minecraft Zombie, has sold over 300,000 copies -- and with in-store placement and a more appealing package, our series should see even greater success!.
