LOVING YOURSELF FIRST: : IS THIS THE WAY TO GO? (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Our Destiny as humans is to grow so much in our ability to Love that we all but become Love personified. About three hundred million humans are starting to find ways to live in loving ways and about 30 million of those are now capable of living in Unconditional Love (some even going beyond to the states of Joy, Peace and Enlightenment). When we Love Unconditionally, Love is sent out with no expectation of a return. To achieve that we must find a way to love ourselves, not our egos. That love of self gives us great power to do Great things. While we are maturing in that quest, we also learn to love others and the Divine Creator who continues to create this amazing universe. Because this is a very nonlinear universe, one person who Loves well and often can counter millions who live in abject Fear and shame or despair. This may not seem Logical, but is True anyway. In spite of the pronouncements from those using distortions of Science, we humans are not living in a purposeless, random universe and we can do astounding things to both the fields of energy around us, but even more so to the fields of information that are the essence of this universe of ours. Thought-like Information came before Energy and matter. From the smallest subatomic waveform to the universe that appears to be formed by a Big Bang process, we humans can make a difference and that difference is Love-based and very powerful indeed! We can achieve no permanent love, joy and peace from possessions and power, but all of those are possible when we are approaching our Destiny as special creatures...
