

The Fitch Atlas of Railroad Mortgage Maps (Classic Reprint) (Paperback)

Filesize: 4.91 MB

Reviews

*Most of these ebook is the perfect publication offered. Sure, it really is play, still an interesting and amazing literature. You wont truly feel monotony at whenever you want of your time (that's what catalogs are for about in the event you check with me).

THE FITCH ATLAS OF RAILROAD MORTGAGE MAPS (CLASSIC REPRINT) (PAPERBACK)**DOWNLOAD**

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Fitch Atlas of Railroad Mortgage Maps This, the second edition of the Fitch Atlas of Railroad Mortgage Maps, is made in loose leaf form to facilitate revision. As revised or additional maps are issued they will be inserted in place of the maps which they supersede. In this way the book will be always up - to - date. As compared with the first edition, the new book shows not only the position of each mortgage upon the railroad s lines, but the relation of each mortgage to the other mortgages on those lines. The first or underlying lien is, in most cases, indicated by a black or heavy symbol, the other mortgages, junior thereto, following from. The black symbols as 2d, 3d, 4th, etc. In cases where a general mortgage (not indicated by a black symbol) is a first lien on portions of the line, it is shown in the lowest position, other mortgages junior to it having their symbols super imposed upon it. The rule is therefore to read from the bottom up, the first lien being shown under the others. The Fitch Atlas presents in this manner every mortgage on all of the important steam railroads in the United States. Collateral liens are shown as a direct lien where they are secured by the deposit of the entire issue of the bonds which are actually the direct lien upon the property. Such collateral liens are in effect a direct lien. Collateral liens Secured by the deposit of part of a bond issue or by the deposit of stock are not shown on the maps at all, but the security is indicated in the text. For...
